Note from the Editorial Staff

Temporarily Sandra Geil is working on the club newsletter. Please be patient as the situation resolves itself. This issue is meant to catch us up on the required publication of information and is thus a bit bare. The next issue is scheduled to be delivered on July 2\textsuperscript{nd}. Please resend submitted articles not yet published to Sandra and any material prepared for the July issue also. If you have candid or posed pictures from the show, please share them when you get home on Sunday or even during the show. Sandra’s email is alexandraeryn@yahoo.com. See her in person in the Junior’s Room to share via text.

Thank you

Thank you for your interest in AGMC and its classes. All official class information and schedules can be found here and in the Class Schedule published monthly by Jan Schulte. Classes or information received after the Class News has been published will be announced at the monthly club meeting. Below are some of the new classes coming up, plus important general information about classes and how to sign up for them. Only current club members, in good standing, may take classes and workshops, or class labs, or use the lapidary equipment.

**Lapidary Update**
Thank you to all those who volunteered to teach and supervise. We have added a few new lapidary supervisors, but more are still needed, as are instructors.

**Cabochon / Lapidary Classes**
If you would like to learn how to cut, shape, and polish stones then sign-up for one of the lapidary classes. You can take the lapidary classes as many times as you like. It's always a good idea to refresh your memory if it's been a while since you did any lapidary work. You must take a lapidary class before you can use any of the lapidary equipment at AGMC; this includes all equipment in the saw and cabbing rooms.

**Lapidary Labs**
After you have completed an AGMC Lapidary Class, you can utilize the lapidary equipment during Lapidary Labs. AGMC Lapidary Equipment may only be used during a Lapidary Class or Lab AND only when an approved Lapidary Instructor / Supervisor is present. Please make sure you sign in/out of the Lapidary/Saw rooms and pay the Supervisor for the amount of time you spent using the Building, $4 per hour, rounded up to the nearest hour.

**Additional Lapidary Supervisors are needed to fill these slots. If you are or would like to become a Supervisor and oversee a Lab on consistent bases, please contact Jan Schulte. Lapidary instructors and classes are also needed, for weekdays and weekends. If you are willing to teach a beginning cabbing class on a consistent basis, please Jan Schulte.**
New Classes:

**Jurgen Maerz Silversmithing Workshop**
Master goldsmith Jurgen Maerz returns to AGMC on July 20 - 21 to teach a silversmithing workshop on fabricating a coin frame pendant to hold a commemorative or special coin. Sign ups will be at the June 4 meeting with Emie Stewart in the old classroom. In order to secure your place in the class, you must pay your non-refundable instructor fee of $160 to Emie Stewart at signup (check payable to AGMC, or cash). On the day of class, the AGMC building usage fee of $56 (14 AB) will be due.

**The class will meet from 10:00 am - 6:00 pm on Saturday, July 20, and from 9:00 am to 5:00 pm on Sunday, July 21, with breaks for lunch.**

Students must have completed beginning silversmithing in order to take the class. A minimum of 8 students is required in order for the class to make. If it fails to make, the instructor fee will be refunded.

**Stand-up Figures** with Karen Cessna (or Laura Smith) begins Sunday July 8th, 1 PM to 5 PM.

Come learn how to use molds to create people and animals with glass that will stand-up on their own.

**Stamps – Creating & Using** with Bob Boyd and Sam Howeth begins July 12th, 7 PM to 10 PM. Besides learning some of the best ways to use metal stamps to accent your metal creations, Sam and Bob will teach you how to make your own metal stamps.

**Beginning Silversmith Class** will begin on Wednesday July 18th 7-10 PM and last for 20 weeks. The class will be taught by Diane Neal, John Crabb, and Linda Trahan.

Sign-ups will take place at **6:30pm June 5th**, this is our regular AGMC monthly meeting night. The class is limited to 10 students, based on the first 10 people to sign-up and pay their fee. Instructors will give an overview of the curriculum and answer questions during that time. Students are required to purchase their own materials, hand tools, and a Smith Little Torch for oxygen/propane.

The cost for the class is the AGMC building usage fee of $240 (due at sign-up). Students will need to purchase approximately $600 in tools and the torch (depending on the quality of tools you purchase and the source), plus approximately $150 for sterling (depending on market price at the time of purchase), totaling approximately $990. The vast majority of these tools will need to be purchased before the class begins. However, students will continue to use these tools throughout the silversmithing program and in their own studio practice.
Class Changes:

*Round Maille Leather Necklace* with Jackie Peel has been changed from *May 15th to May 29th 10 AM to noon*. Jackie will teach you how to create this pretty combination of leather and round chainmaille. Bring your own focal piece (Jackie may have a few for sale) and at least 2 pair of jewelry pliers, flat nose, chain nose, bent nose will all work fine. There is a $15 kit fee.

Class Reminders:

*Small Jewelry Chasing & Repousse* with Diana Casabar begins June 8th 7 PM to 9 PM. Diana will teach you her method for using Chasing & Repousse on small jewelry pieces to enhance their beauty. Please bring small chasing & repousse tools (3-4mm face size, the standard size tools are too large).

*Tiny Scale Chainmaille Earrings* with Helen Vaught June 12th 10:30 AM to 12:30 PM. Helen will teach you how to create pretty S shaped earrings using chainmaille scales. If you have them, please bring at least 2 pair of jewelry pliers; flat nose, chain nose, bent nose will all work fine. Pliers will be available for use during class if you need them. There is a $15 kit fee.

*Glass Show Pieces* with all the glass instructors June 24th 1 PM to 4 PM. Join in a discussion/lecture on some of the best ways to show your glass pieces, especially at our show. Please bring all your finished pieces with you for the best hints and tips.

*Stamps* with Dave Tarver & Danny Wade, June 16th and 17th. Each class will be 9 AM to 4 PM with a potluck lunch. Saturday's potluck will be BBQ, and Sunday's will be Tamales. Each class will be $175 (this includes the building usage fee). Payment must be made at sign-up using cash or check (no Arlie Bucks). Sam Howeth will be holding sign-ups at the May monthly meeting. If the classes are not filled by AGMC members, the classes will be opened up to the public (both of these instructors are well known for their talent). If you have any questions please contact Sam Howeth or Bob Boyd.

More Classes Needed / Teach a Class

Our club has a long history of encouraging the study of lapidary arts, earth sciences, and related fields. One of the ways this is accomplished is through our classes. Please share your talent, knowledge, and experience with other club members by teaching a class.

Class Instructors are all volunteers and receive no monetary compensation. They do however receive one Arlie Buck for each hour they teach. Each Arlie Buck may be exchanged for one hour of building use fees for classes labs or lapidary use. Instructors can list the materials, supplies, and tools needed for the class or offer a kit at cost (no mark up). Student skills or prerequisites may also be outlined by instructors to encourage success in the class. Length of the class is also up to the instructor. Classes can range from as little as 2 hours to as much as 8 hours per day or week for multiple days or weeks, you decide. The Volunteer to Teach forms are available on
the club's website (www.agemclub.org under the classes tab). The form is also available in the monthly email of Class News, The Hound's Tale, and on the class sign-up bulletin board. Please email completed forms to Jan Schulte at only4jls@sbcglobal.net or place a hard copy in the hot pink box located on the HVAC closet between the classrooms.

**General Information:**

**Class Rosters:** The roster holder is located on the door of the HVAC closet so it is easier to access. Instructors, after you have checked in your students, please put your roster in the holder so Jan Schulte can use it to compile end of year data and to verify your Arlie Bucks. You’re welcome to keep a copy for yourself. Thanks!

**Thank You:** Thank you to all our instructors and supervisors. During the 1st quarter of 2018, our class instructors and assistants volunteered 552 hours of their time to AGMC. Our lapidary supervisors volunteered 102 hours of their time to AGMC. While other clubs are dying on the vine, AGMC continues to experience robust growth, due primarily to active members just like you. Our classes bring in more revenue to the club than anything else we do, including the annual show. Our instructors, assistants and supervisors are volunteers and do not get paid for their time. Thank you for the generous gift of your time and talents.

**AGMC Facebook Page:** Hooray! Our Facebook page has over 1103 Likes and continues to grow!!! Many of our fans are not even members! Visit the page regularly to see what’s new, and “Like” it and “Share” it with your Facebook friends. This is free advertising for the club and a great way to promote the hobby.

**Class Postings:** Please be considerate of your fellow club members during class sign-up times. Club policy states that you may not sign another person up for a class. If a person is unable to attend the meeting in order to sign up, they should contact the 1st VP, Jan Schulte. A line usually forms just before 7:00 PM when the sign-up sheets for classes, workshops, and labs are posted. Sign-up sheets are posted at 7:00 PM at the clubhouse on the 1st Tuesday night of each month. Cabbing classes are posted on the bulletin board in the hallway leading to the saw room. All other classes are posted on the bulletin boards in the short hallway between the “old” and “new” classrooms. They are usually posted a month before the class is scheduled to begin, unless there has been a late addition to the schedule. Please make sure you have any required pre-requisites before you sign up. Only current members in good standing, who have paid their membership fee, may sign up. Whenever possible, advance notice of upcoming sign-ups is given in The Class News which is emailed to the membership at mid-month, published in the monthly newsletter which is also emailed, and posted on the club’s website. The class schedule is also published in these same forums. **When you sign up, please write legibly, include your phone number and email in case the instructor needs to contact you, and make a note of what you have signed up for, along with the instructor’s contact information.** Also, please note the club’s no show policy, set forth below and on each sign-up sheet.

**No Shows:** If you sign up for a class and are unable to attend, you must let the instructor know before the class date so that they can offer your slot to someone on the waiting list. Failure to do so may cause you to be listed as a “no show.” Club policy is that no-shows will be wait-listed for future classes at the instructor’s discretion.

**General Class Information:** The building usage fee for each class or shop use is $4/hr. This fee is in addition to any applicable supply fee as noted on the sign-up sheets. Students are expected to provide their own tools and
materials except as noted on the sign-up sheets. The vast majority of instructors are volunteers who are not paid for their time but are willing to share their knowledge. Students are expected to follow instructor directions, cooperate in a classroom setting, and to observe all safety requirements. Failure to do so may be grounds for immediate removal from the class at the instructor’s discretion. Occasionally, outside professionals may be brought in to teach a class. These instructors are paid by the students, and the instructor fees are due at sign-up and are **non-refundable** unless the Class Supervisor can fill the student’s seat before the class begins.
